

1 Recovered Memory #9:  
2 "Silent Princess"  
3  
4 Princess Zelda  
5  
6 There's one!  
7  
8 Oh! And another!  
9  
10 The flowers we have in Hyrule aren't just beautiful...  
11  
12 They're also quite useful as ingredients for a  
13 variety of things.  
14  
15 [...Ah...]  
16  
17 This one here is called the silent princess.  
18  
19 It's a rare, endangered species.  
20  
21 Despite our efforts, we can't get them to grow  
22 domestically yet.  
23  
24 The princess can only thrive out here in the wild.  
25  
26 All that we can hope...  
27  
28 is that the species will be strong enough  
29 to prosper, on its own.  
30  
31 \*gasps\*  
32  
33 Is that what I think it is?! Look at this!  
34  
35 I don't believe it, but I actually caught one!  
36  
37 This delicacy is known to have very, very potent  
38 effects under the proper circumstances.  
39  
40 [Ta-da!]  
41  
42 Research from the castle shows ingesting one of  
43 these can actually augment certain abilities.  
44  
45 We wouldn't be in a controlled environment out here,  
46 and with your level of physical fitness...  
47  
48 you'd be a perfect candidate for the study!  
49  
50 Go on!  
51  
52 Taste it!
